Partners of the DIGIHERIT project gathered in Italy (20–21 November 2025) for the 3rd Transnational Partners Meeting (TPM), hosted by TATICS Human Evolution in Perugia.

This meeting marked a key milestone in the project's timeline, concluding the research phase (WP3) and taking the first steps into the design and development of the educational curriculum (WP4).

Over 2 intensive days, the consortium reviewed project progress, assessed the outcomes of the national focus groups, and discussed the integration of their findings into the upcoming training programme.
